

EE407 Laboratory Regulations

Laboratory Groups:

- Each group will consist of a maximum of 5 students. Although there is not a predetermined minimum number, a group usually consists of 4 students due to the limited number of lab equipments.
- You will be required to enroll in your lab groups on ODTUClass, following and according to the announcement of laboratory sections and schedule. Those without a group will be enrolled into one by us.

Miscellaneous:

- Each lab will start with a quiz lasting 10 minutes. Latecomers will be allowed to take their quizzes with no additional time.
- There is no minimum quiz grade required to perform an experiment, but those who do not arrive within the first 10 minutes may not be able to do so.
- Laboratory reports are to be submitted only through ODTUCLASS (except for make-up reports) and one submission per group is sufficient.
- Reports are expected to be uploaded within a week. Assignments will be locked for submissions after that.
- Contact one of the course assistants if you wish to make a late submission.
- The experiments are expected to start at the third week of November.
- Reports will be checked in TURNITIN. Ethical violations such as cheating on quizzes, plagiarism, reuse of reports and unauthorized collaboration is an ethical issue resulting in penalty.
